

**EXPLANATORY NOTES**  
**(1984-85 TO 1997-98)**

- Data has been digitized as it is available in the printed old reports.
- The state level digitized data from the old reports cannot be totaled to compare with All India Summary data which is published in the Annual publication of Directorate titled “Land Use Statistics at a Glance”. Because data digitized from old printed reports is based on latest available data from the states till the time of publication of the report. On the other hand, All India Summary data is updated on ongoing basis, as and when fresh information is received from the states.
- ‘0’ means area is less than 50 hectares.
- Blank space denotes “not available/not received”.
