

EXPLANATORY NOTES

(1996-97 to 2005-06)

Wherever data have not been received in a particular year for different parameters, following estimation procedure has been used:

* **Classification of land (Part-1)** : The figures related to area under forest, other categories of land use (Part-I), net irrigated area, gross irrigated area, net area sown and area under crops as the case may be, are taken from latest Forestry Statistics Publication, Agriculture Census or are estimated based on latest available year data received from the States/UTs respectively.

** **Irrigated Area (Part-II)** : The figures related to irrigated area (Part-II) are either estimated based on the data for the latest available year received from the States/UTs or are estimated/taken from Agriculture Census.

*** **Area Under Crops (Part-III)**: The figures related to Total Cropped Area (Part-III) are either estimated based on the latest available data received from States/UTs or are based on advance/forecast estimates received from the States/UTs.

Note: (1) Geographical area is based on the data supplied by the office of Director, Geographical Map Publication, Survey of India, Dehradun and includes the area under illegal occupation by China and Pakistan.

(8) Figures from 1996-97 to 2004-05 reported in earlier publications have been suitably revised in all the three parts of Land Use Statistics for 1996-97 to 2005-06 based on the latest data received from the States/UTs.

(9) The figures classified under different columns for different categories of land, viz, land put to different uses according to nine-fold classification, area under irrigation and area under crops do not always add up in sub-totals and as a whole to the area totals at state and all India levels due to rounding off of the figures.

(10) '0' means area is less than 500 hectares.

(11) Blank space denotes not available or no reporting of data from the States/UTs.

(12) The Land Use data from the year 2001-02 is provisional.

(13) NAS: Not Available Separately.

(8) (p): Provisional.
